

Good day

Kindly take note of the following requirements of which trucks need to adhere to when loading at Middelburg Gypsum:

- Kindly keep to the specified requirements for trucks and drivers
- Walkways and Tarpaulins: Please ensure that your trucks are fitted with proper walkways to ensure safe covering of the product by tarpaulins
- Wasting of product: When parking your trucks outside of the mine, after loading, kindly ensure not to waste product when covering with the tarpaulins
- **Only Side Tippers are allowed to load**, no other type of trucks like for example even Dropside Tippers as shown in the picture below are allowed
